RE: Ex Parte: A National Broadband Plan for Our Future, GN Docket No. 09-51

Dear Ms. Dortch:

On September 15, 2009, Glenn A. Britt, Chairman, President and Chief Executive Officer; Gail G. MacKinnon, Executive Vice President and Chief Government Relations Officer; Steven N. Teplitz, Senior Vice President, Government Relations and the undersigned, all representing Time Warner Cable Inc. ("TWC"), met with Commissioner Mignon L. Clyburn; Carol Simpson, Acting Legal Advisor, Wireless and Broadband and Rick Kaplan, Acting Legal Advisor, Media and Chief of External Affairs. Later, in a separate meeting, we met with Blair Levin, Executive Director, Omnibus Broadband Initiative, Carlos Kirjner, Senior Advisor to the Chairman on Broadband, and Andrew Nesi of the Office of Strategic Planning and Policy Analysis and a member of the Omnibus Broadband Initiative.

During the meetings, we discussed the video, broadband and voice services TWC offers consumers over our broadband network. Consistent with the comments filed by TWC in the above-referenced docket, we also discussed how important it is for the Commission to focus on ways to close the gap on broadband adoption, particularly with respect to those consumers who do not have access to computers at home. Finally, we expressed our willingness and desire to work with the Commission in addressing all the important regulatory issues it faces.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Terri B. Natoli
